Schedule #1—Gen	eral Information
County-district number or vendor ID: 040-901	Amendment # (for amendments only):
Part 3: Schedules Required for New or Amended Applicat	ions

An X in the "New" column indicates a required schedule that must be submitted as part of any new application. The applicant must mark the "New" checkbox for each additional schedule submitted to complete the application.

For amended applications, the applicant must mark the "Amended" checkbox for each schedule being submitted as part of the amendment.

Schedule		Application Type		
#	Schedule Name	New	Amended	
1	General Information			
2	Required Attachments and Provisions and Assurances		N/A_	
4	Request for Amendment	N/A		
5	Program Executive Summary			
6	Program Budget Summary			
7	Payroll Costs (6100)	See

18	Equitable Access and Participation			

*IMPORTANT NOTE FOR COMPETITIVE GRANTS: Schedules #7, #8, #9, #10 and #11 are required schedules if any dollar amount is entered for the corresponding class/object code on Schedule #6—Program Budget Summary. For example, if any dollar amount is budgeted for class/object code 6100 on Schedule #6—Program Budget Summary, then Schedule #7—Payroll Costs (6100) is required. If it is either blank or missing from the application, the application will be disqualified.

County-district number or vendor ID: 040-901	Amendment # (for amendments only):				
Part 3: Program-Specific Provisions and Assurances					

I certify my acceptance of and compliance with all program-specific provisions and assurances listed below.

\boxtimes	i certify my acceptance of and compliance with all program-specific provisions and acceptance of and compliance
#	Provision/Assurance
1.	The applicant provides assurance that program funds will supplement (increase the level of service), and not supplant (replace) state mandates, State Board of Education rules, and activities previously conducted with state or local funds. The applicant provides assurance that state or local funds may not be decreased or diverted for other purposes merely because of the availability of these funds. The applicant provides assurance that program services and activities to be funded from this grant will be supplementary to existing services and activities and will not be used for any services or activities required by state law, State Board of Education rules, or local policy.
2.	The applicant provides assurance that the application does not contain any information that would be protected by the Family Educational Rights and Privacy Act (FERPA) from general release to the public.
3.	The applicant provides assurances that they will continue to meet all Statutory Requirements as outlined in their 2017–2018 Perkins Formula Grant incorporated by reference.
4.	The applicant assures that its ability is to meet the 20% match requirement.
5.	Applicants applying for Focus Area 1, 2, or 3 provide assurance that the curriculum they develop will be appropriately aligned to marketable skills in the identified high-demand occupations. It may include industry recognized associations as part of the degree plan.
6.	Applicants applying for Focus Area 1, 2, or 3 provide assurance that the development and implementation of industry experiences, including mentorship programs, internships, externships, and/or apprenticeship, will expose students applied learning and real-world work activities in the identified high-demand occupation(s).
7.	Applicants applying for Focus Area 1, 2, or 3 provide assurance that, within 90 days of the grant start, awarded applicants will submit a Memorandum of Understanding (MOU) detailing the relationship between the dual credit partner, the LEA, and business and industry partner(s).

Schedule #4—Request for Amendment

County-district number or vendor ID: 040-901

Amendment # (for amendments only):

Part 1: Submitting an Amendment

This schedule is used to amend a grant application that has been approved by TEA and issued a Notice of Grant Award (NOGA). **Do not submit this schedule with the original grant application.** Refer to the instructions to this schedule for information on what schedules must be submitted with an amendment.

An amendment may be submitted by mail **or** by fax. Do not submit the same amendment by both methods. Amendments submitted via email will not be accepted.

If the amendment is mailed, submit three copies of each schedule pertinent to the amendment to the following address: Document Control Center, Grants Administration Division, Texas Education Agency, 1701 N. Congress Ave., Austin, TX 78701-1494.

If the amendment is faxed, submit one copy of each schedule pertinent to the amendment to either of the following fax numbers: (512) 463-9811 or (512) 463-9564.

The last day to submit an amendment to TEA is listed on the <u>TEA Grant Opportunities</u> page. An amendment is effective on the day TEA receives it in substantially approvable form. All amendments are subject to review and approval by TEA.

Part 2: When an Amendment Is Required

For all grants, regardless of dollar amount, prior written approval is required to make certain changes to the application. Refer to the "When to Amend the Application" guidance posted in the Amendment Submission Guidance section of the Grants Administration Division Administering a Grant page to determine when an amendment is required for this grant. Use that guidance to complete Part 3 and Part 4 of this schedule.

Schedule #5—Program Executive Summary (cont.)

County-district number or vendor ID: 040-901 Amendment # (for amendments only):

Provide a brief overview of the program you plan to deliver. Refer to the instructions for a description of the requested elements of the summary. Response is limited to space provided, front side only, font size no smaller than 10 point Arial.

Furthermore, the district plans to evaluate student outcomes by reviewing student transcripts before and after the grant funding period to ensure the students are receiving more college credit hours and industry certifications/licenses, as well as, reviewing Texas Academic Performance Reports (TAPR) reports to ensure more students are graduating college and career ready. Lastly, the district will develop a sustainability plan to continue the grant after the grant period has come to an end. Through these measures, the district will successfully address the needs of the target population.

To ensure the offered Programs of Study is aligned with the need of the local workforce board, Morton ISD utilized the Texas Workforce Commission website to determine that the following occupations are currently in high demand with a total of 45,590 projected Texas annual openings in these fields in the State of Texas: Nursing Assistants; Licensed Practical and Licensed Vocational Nurses; Registered Nurses; Phlebotomists; Emergency Medical Technician; Automotive Engineering Technicians; Industrial Machinery Mechanics; Assemblers and Fabricators; Automotive Engineers; Engine and Other Machine Assemblers; Welding, Soldering, and Brazing Machine Setters/Operators/Tenders; Welders, Cutters, and Welder Fitters; Structural Metal Fabricators and Fitters; and General Maintenance and Repair Worker.

The design of the proposed program reflects up-to-date knowledge from scientifically based research and effective practice. (4 points) To ensure the design of the proposed program reflects up-to-date knowledge, scientifically-based research, and effective practices, the district did the following needs assessment: reviewed professional development training, examined current college and career instructional practices/curriculum, and evaluated community needs. The

following are the identified community and academic needs:

COMMUNITY	NEEDS ASSESSMENT	
Need (Population 25 and Over)	City	State
Unemployment Rate	11.90%	4.50%
Individuals Who Do Not Complete College	86.35%	65.75%
Median Earnings for Workers (Dollars)	\$21,622	\$30,263
	54.50%	64.70%
In Labor Force Source: 20	15 American Fact Finder	

In addition to the Community Needs Assessment above, the district collected local data included in the following chart to indicate the district's academic deficiencies:

		DISTRICT	T DEMOGRA	PHICS		
	College Ready Graduates (Both)	Completion of Two or More Advanced/Dual Credit Courses	SAT/ACT Tested	SAT/ACT At/Above Criterion	Graduates Enrolled in TX IHE	Graduates in TX IHE Completing One Year Without Remediation
District	20.0%	24.1%	51.7%	6.7%	53.6%	33.3%
State	35.0%	48.1%	68.3%	24.3%	57.5%	70.5%

As seen in the Needs Assessments above, the district has a high need to implement the Perkins Reserve Grant in order to address the academic deficiencies that exist at Morton ISD. Due to the remote location and limited resources, the district's students lack the resources, finances, and intervention necessary to prepare them for a real-world working environment. Morton ISD will take the initiative to address this problem by expanding its existing collaborative agreements between themselves and South Plain College, which is approximately 30 miles away from the district, as well as, with John Deere – B. E. Implement, Alcove Care Inc., NextEra Energy, Inc., and West Texas Plating. These collaborative agreements will not only give students an opportunity to receive instruction that spans secondary and post-secondary education, but on-the-job training through internships, externships, apprenticeships, and/or mentorship programs.

On-going commitment to the goals of this grant program and other sources committed to the program beyond grant funding: The district has ensured that they have received buy-in from participants, including the school board, district and campus administrators, participating teachers, the partnering college, as well as, the partnering industries.

Throughout the term of the grant, the district will continue to meet with stakeholders to solicit feedback and modify the goals and objectives of the grant; thus, ensuring continued support of the program. The resources that will be acquired through this grant program, coordinated with state compensatory funds will ensure student gains are continued after the grant funding terminates.

THIS IS THE ITIA	All the burlant anowable for definition		to evenested	(7 points) The re	equested amou	nt of \$75.000

The costs reflected in the budget are appropriate for the results expected. (7 points) The requested amount of \$75,000 for the first year of the Perkins Reserve Grant is reasonable, cost-effective, and adequate to support the program. The amount is reasonable when considering it will target 1 campus, 40 students, and 5 teachers.

Expenditures and activities are supplemental to and do not supplant or duplicate services currently provided. (3 points) The proposed program will be utilized to supplement not supplant any federal, state, and local funds. Currently, the district offers Principals of Human Services; Fashion Design; Life Nutrition and Wellness; Child Development; Printing and Imaging Technology; Digital and Internet Media; Audio Visual Production; Animation; Principles of Floral Design; Livestock Production; Principles of Agriculture; Agricultural Structure, Design, and Fabrication; Agricultural Mechanics and Metal Technology; Project Based Research; Professional Communication; and Business English CTE Programs; therefore, new dual enrollment Certified Nursing Assistant (CNA); Auto/Diesel Mechanic; and Welding Programs of Study, as well as, the proposed activities will not supplant any current activities.

The budget, including personnel, materials, and other identified expenses, adequately supports the activities outlined in the grant proposal. (10 points) The district incorporated into the grant design all the grant requirements in order to offer high-quality programming through each grant component proposed. All expenses on the budget adequately support the activities in the grant proposal. Moreover, the district considered expenses that are reasonable and necessary in order to fulfill the proposed program.

*Statutory or TEA Priority: LEA has submitted a budget with a matching amount over the required 20%. The district has allocated more than a 40% match. (10 points).

Schedule #13—Needs Assessment

County-district number or vendor ID: 040-901

Amendment # (for amendments only):

Part 1: Process Description. A needs assessment is a systematic process for identifying and prioritizing needs, with "need" defined as the difference between current achievement and desired outcome or required accomplishment. Describe your needs assessment process, including a description of how needs are prioritized. If this application is for a district level grant that will only serve specific campuses, list the name of the campus(es) to be served and why they were selected. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

NEED: Needs assessment methodology is provided and the magnitude of the problem is addressed. (10 pts)

Current Achievement: To understand the campus' current struggles, Morton ISD used state and campus data from the Texas Academic Performance Report (TAPR) to analyze the needs of the campus. After extensive research, Morton ISD determined that the campus, in comparison to the State's averages, performed worse in every single one of the following categories: College Ready Graduates (Both), Completion of Two or More Advanced/Dual Credit Courses, and Graduates Enrolled in a Texas Institution of Higher Education (IHE).

Needs Assessment Process: Due to the fact that the campus performed worse in every category, the district conducted a needs assessment process for the campus which not only included the statistical data aforementioned in current achievement, but also included the following: SAT/ACT Tested Results, SAT/ACT At/Above Criterion and Graduates in TX IHE Completing One Year Without Remediation. Below you will find all statistical data reviewed during the preparation of this grant application, as well as, the magnitude and severity of the problems the school currently faces.

	DISTRICT	DEMOGRAP	HICS		
College Ready Graduates (Both)	Completion of Two or More Advanced/Dual Credit Courses	SAT/ACT Tested	SAT/ACT At/Above Criterion	Enrolled in TX	Graduates in TX IHE Completing One Year Without Remediation
		51.7%	6.7%	53.6%	33.3%
35.0%	48.1%	68.3%	24.3%	57.5%	70.5%
	College Ready Graduates (Both) 20.0%	Graduates (Both) Credit Courses 20.0% Completion of Two or More Advanced/Dual Credit Courses 24.1%	College Ready Graduates (Both) Credit Courses 20.0% Completion of Two or More Advanced/Dual Credit Courses 24.1% 51.7%	College Ready Graduates (Both) Credit Courses Completion of Two or More Advanced/Dual Credit Courses 20.0% SAT/ACT At/Above Criterion 51.7% 6.7%	College Ready Graduates (Both) Credit Courses 20.0% Completion of Two or More Advanced/Dual Credit Courses 24.1% Completion of Two or More Advanced/Dual Credit Courses SAT/ACT At/Above Criterion IHE 6.7% 53.6%

Source: 2015-2016 TEA Texas Academic Performance Reports (TAPR)

In addition to the district conducting a local needs assessment, Morton ISD also conducted a Community Needs Assessment that demonstrates how our unequipped college and career ready students leads to the targeted area having increased unemployment and a decrease in self-sustaining individuals.

DO VOCESSMIEM I	
	State
	4.50%

	\$30,263
	64.70%
_	DS ASSESSMENT City 11.90% 86.35% \$21,622 54.50%

How needs are prioritized: The district met with key stakeholders to review the needs assessment and to determine how to prioritize the campus' needs. During these meetings, gaps, barriers, and weaknesses were identified and key qualitative and quantitative dimensions that support prioritization were applied. The following areas were identified as areas in need:

- Instructional Programs The campus needs additional high quality CTE teachers and programs, as well as, additional post-secondary job opportunities for students at the targeted campus. Through additional grant funding, the campus will not only provide better instructional programs for the partaking students, but also establish linkages/partnerships with industries and businesses to further prepare students to enter the workforce. This in turn will increase the number of self-sustaining individuals and lead to a decrease in the overwhelmingly significant percentage of (86.35%) Individuals who do not complete college; and
- Equipment Only 30.5% of the students are enrolled in Career and Technical Education courses, this statistic demonstrates the district's lack of necessary equipment and financial resources to provide students with advanced career and college instruction. Therefore, grant funds will be utilized to purchase the necessary equipment for implementation of Certified Nursing Assistant (CNA); Auto/Diesel Mechanic; and Welding Programs of Study; thus, increasing the CTE courses provided, as well as, the number of career and college ready students.

Desired or required accomplishment: Through grant funding, the district will provide students with work-based learning opportunities and additional CTE Programs of Study (POS); thus, easing students transition into the workforce environment and increasing the amount of post-secondary education they receive.

	strategies have been described. (10 points) the district needs to increase the number of individuals who can sustain themselves after they graduate high school. The current median income for individuals within the target area is only \$21,622, which is \$8,641 less than the State's average.	Engineering Technicians; Industrial Macrimery Mechanics, Assemblers and Fabricators; Automotive Engineers; Engine and Other Machine Assemblers; Welding, Soldering, and Brazing Machine Setters/ Operators/ Tenders; Welders, Cutters, and Welder Fitters; Structural Metal Fabricators and Fitters; and General Maintenance and Repair Worker. The average salary of these occupations is \$47,105, which is already \$25,483 more than the current average in the target area. To pursue these programs, the district will purchase state-of-the-art equipment						
	As a series Table labeled District Demographics	and materials; thus, giving students the best opportunity to receive high-quality CTE instruction. During the grant funding period Morton ISD plans to strengthen its						
2.	only 53.6% students enrolled in a Texas IHE after completing high school, which is 3.9% less than the State's average; and only 20% of the students graduated college ready which is 15% lower than the State's average of 35%. Therefore, Morton ISD understands to address their current low performing percentages, the district will <i>need</i> to strengthen/expand linkages with local Institutions of Higher Education (IHE) and businesses	linkages with South Plain College, our current partnering trite, as well as, with NextEra Energy, Inc., our current partnering business industries. However, the district not only wants to strengthen the current linkages it has in place, but expand its linkages with other local partnerships such as: IHEs, CBOs, businesses, industries, and other district CTE programs to align its curriculum to industry sectors and offer workbased learning opportunities.						
3.	The district needs to offer additional high-demand occupation certificates and industry-recognized credentials/certifications. Currently, Morton ISD only offers a limited number of post-secondary instruction and opportunities. This limitation leads to only 30.5% of the students being enrolled in Career and	Morton ISD will strengthen and expand linkages with IHEs to increase the number of post-secondary certifications and opportunities available. Hence, by offering additional opportunities, the district will increase student interest; thus, will increase the number of graduates who are CTE coherent. Increased coherency will assist the district in meeting its ultimate goal to prepare students to be career and college ready which ensures they address both current and future workforce needs.						
4.	According to the needs assessment conducted prior to starting the grant application, high quality CTE teachers are needed for the delivery of both							
5.	Morton ISD currently provides 16 CTE programs. Therefore, due to the lack of experience in successfully running many CTE programs at one time, the district will need external support for the	To ensure this need is addressed, the district will hire Technica Training Consultant (TTC), a company with over 20 years o professional experience in curriculum implementation, to support the development and implementation of the CTE Programs of Study. CTC will organize community and district efforts to provide guidance and support in the development and implementation of the grant.

Schedule #14-Management Plan (cont.)

County-district number or vendor ID: 040-901

Amendment # (for amendments only):

Part 3: Feedback and Continuous Improvement. Describe the process and procedures your organization currently has in place for monitoring the attainment of goals and objectives. Include a description of how the plan for attaining goals and objectives is adjusted when necessary and how changes are communicated to administrative staff, teachers, students, parents, and members of the community. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Procedures ensure feedback/continuous improvement in the proposed program through monitoring. (3 points) In order to solicit feedback and continuously monitor the attainment of goals and objectives, the district will ask all stakeholders to participate in surveys and answer questionnaires on a regular basis. In addition, the district will establish a procedure and schedule for internal monitoring that includes: Conducting student and family surveys/questionnaires to determine the quality of the programs provided; Monitoring of data entry and security procedures in order to ensure the program remains in compliance; Reviewing TAPR reports to ensure students are graduating with additional post-secondary education and career readiness; Conducting staff surveys to determine the quality of professional development being provided; and Reviewing expenditures to ensure the program is staying within budget and all activities are being implemented.

Involvement/commitment to the program is sufficient and ensures successful implementation goals, objectives, and activities. (4 points) In order to ensure that all program participants remain committed to the success of the program, the district has ensured that they have received buy-in from all stakeholders, including district and campus administrators, teachers, school board members, partnering IHEs, and designated industry partners. Throughout the term of the grant, the district will continue to meet regularly with all key stakeholders to solicit feedback and modify the goals and objectives of the grant; thus, ensuring long-term support and commitment to the program.

Part 4: Sustainability and Commitment. Describe any ongoing, existing efforts that are similar or related to the planned project. How will you coordinate efforts to maximize effectiveness of grant funds? How will you ensure that all project participants remain committed to the project's success? Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

The program is coordinated with similar efforts using existing resources to maximize the effectiveness of grant funds. (3 points) The recent decrease in state and federal funding has made it impossible for the district to implement a large number of CTE programs. However, the district can support the added costs that will be associated with the Perkins Reserve Grant should it be funded to include items such as: CTE personnel, utilities, building use, maintenance, technology, etc.

Moreover, to ensure that the program continues after the grant period, the district will actively look for funding sources that help support and sustain this program over an extended period of time. The district's plan for sustainability will include an examination of what this grant initiative aims to sustain, barriers that prevent the initiative from accomplishing its goals, fiscal constraints, and its resources. The district will help sustain this initiative after the end of the program by enforcing a sustainability plan. The sustainability plan includes the creation of a Handbook Of Operating Procedures (HOOP) and will include an active and careful examination of the following approaches to seek effective avenues to ensure that the program continues beyond the grant period:

- Make better use of existing resources;
- Maximize federal, state, and local revenue;
- Use of instruction, professional development, and curriculum that was implemented during the grant funding period;
- Create more flexibility in existing streams of funding; and
- Continue building public-private partnerships.

O. Interest		3.	Industry/Teachers provide examples to illustrate the skills they have acquired		
		-	during the grant program.		

Part 2: Data Collection and Problem Correction. Describe the processes for collecting data that are included in the evaluation design, including program-level data such as program activities and the number of participants served, and student-level academic data, including achievement results and attendance data. How are problems with project delivery to be identified and corrected throughout the project? Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Methods of evaluation are clearly related to the intended results of the project. (3 points) The district will collect data that includes both program-level data, as well as, student-level academic data. This data will include performance measures and indicators of program accomplishment that are related to the intended results. A wide range of evaluation instruments will be used to identify program accomplishments, refinements, or failures. Data collected will include: Quarterly and cumulative number of activities that provide students a workforce-based ready culture; Number of industry experience hours provided to students; Number of students engaged in high-demand occupational activities; and Number of college credit hours earned by students. Evaluation design includes processes for collecting data, including program-level data. (3 points) Teachers, as well as, students will be asked to participate in surveys that will provide feedback on the instructional strategies, trainings, activities, and how effective the industry partners trainings are. Moreover, the industry partners will be required to participate in surveys designed to gauge teacher participation, level of involvement, and the quality of instruction that is being provided. Classroom observations will also be conducted on a regular basis in order to determine whether the trainings are having a positive impact on the teachers' ability to engage students, increase productivity, and improve student outcomes. Finally, the district will review student achievement results and attendance data, as well as, test results, report cards, graded classwork, and TAPR reports to determine an increase in student academics. Formative evaluation is outlined and addressed throughout the grant project. (2 points) Data collected will allow the district, industry partners, and contracted consultants the ability to determine whether the highdemand occupational development trainings are positively impacting the students and teachers. Problems identified and corrected: As needed, areas of concern will be discussed and modifications will be made regularly to the proposed plan.

Schedule #17—Responses to TEA Program Requirements

County-district number or vendor ID: 040-901

Amendment # (for amendments only):

TEA Program Requirement 1: Explain how the project identified the high-demand occupations and their related programs of study in partnership with the local workforce development board. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point. Applicants applying for Focus Areas 1, 2, or 3 must address this question.

Strategies and activities are of sufficient quality and depth to ensure accomplishment of the goals and objectives. (5 points) In order to ensure that the activities are based on an objective set of measures both the Texas Academic Performance Report (TAPR), as well as, the U.S. Census Report were reviewed. Based on the information gathered, it was determined that the district needs additional CTE programs, as well as, professional development for CTE teachers. Both of these additional items will enable the district to increase the number of students who acquire dual credit, certifications, and degrees in high-demand occupations; students who become career and college ready in ways that address both current and future workforce needs; and the number of students who enter into community colleges and universities after they complete high school. The activities and programs selected were researched to determine the validity of each activity and if evidencebased research was available to support the ability to impact the campus' needs.

To ensure the offered Programs of Study are aligned with the need of the local workforce board, Morton ISD first needed to understand what occupations were in high-demand. Therefore, Morton ISD utilized the Texas Career Check website provided in the Perkins Reserve Grant guidelines and the Texas Workforce Commission's Help Wanted Website to identify Nursing Assistants; Licensed Practical and Licensed Vocational Nurses; Registered Nurses; Phlebotomists; Emergency Medical Technician; Automotive Engineering Technicians; Industrial Machinery Mechanics; Assemblers and Fabricators; Automotive Engineers; Engine and Other Machine Assemblers; Welding, Soldering, and Brazing Machine Setters/Operators/Tenders; Welders, Cutters, and Welder Fitters; Assemblers and Fabricators; Structural Metal Fabricators and Fitters; and General Maintenance and Repair Worker as high-demand occupations. Furthermore, the district also utilized the Texas Workforce Commission's Website to ensure these occupations were considered high demand within the targeted area. Research

indicated that the combined job openings were 45,590. This breakdown is as follows: **Average Pay Number of Positions** Job Title \$25,406 4,410 Nursing Assistants \$46,112 3,815 Licensed Practical and Licensed Vocational Nurses \$70,386 10.815 Registered Nurses \$31,478 475 **Phlebotomists** \$35,867 820 Emergency Medical Technician \$65,199 240 Automotive Engineering Technicians \$52.876 1.695 Industrial Machinery Mechanics \$29,229 495 Assemblers and Fabricators \$103,063 945 **Automotive Engineers** \$40,261 130 Engine and Other Machine Assemblers \$40,234 Welding, Soldering, and Brazing Machine Setters/ Operators/ Tenders 115 \$45,253 2.370 Welders, Cutters, and Welder Fitters \$38,493 310 Structural Metal Fabricators and Fitters \$35,617 5.305 General Maintenance and Repair Worker

This is perfect for the grant program because to become employed under either of these occupations, you must receive education in the Programs of Study the district will offer. To demonstrate the partnership Morton ISD has with the local workforce development board, the district also received a signed letter of support that discusses the need for trained individuals within these occupations (20 pts).

Due to the fact the district has full support of the local workforce board, the board will be able to facilitate partnerships between the district and local businesses with similar training needs; thus, increasing the potential for students to receive employment right after high school.

Therefore, to ensure the district's students will be ready for employment as soon as they graduate high school, Morton ISD will offer 3 related Programs of Study which includes Certified Nursing Assistant (CNA); Auto/Diesel Mechanic; and Welding Programs of Study. Offering these Programs of Study assures that the curriculum provided will be appropriately aligned to marketable skills in the identified high-demand occupations (Assurance 2)

Schedule #17—Responses to TEA Program Requirements

County-district number or vendor ID: 040-901

Amendment # (for amendments only):

TEA Program Requirement 2: Describe how you will design at least one program of study that spans secondary and postsecondary education and includes an appropriate sequence of courses that are aligned with high-demand occupations identified by local regional workforce board. The program of study should build in rigor as students progress through high school. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Applicants applying for Focus Areas 1, 2, or 3 must address this question.

Morton ISD assures that within 90 days of the grant start date, they will submit a Memorandum of Understanding (MOU) to TEA detailing the relationship between a dual credit partner, the district, and a business partner (Assurance 4). Ensuring there is joint decision-making during the program will enable planning and implementation of a coherent grant program across all partnering institutions.

In addition, the district will address the following criteria of each student: academic support, social support, college-readiness, and college access. The district plans to address these subjects in the following manner:

Academic Support: The district will provide a personalized learning environment by creating a seamless curriculum between the high school, the Institution of Higher Education, and the industries/businesses that the district plans to establish linkages with. The campus will also provide a work-based experience for its students through rigorous, purposeful, and responsive instruction with an emphasis on leadership and relationship development. The two Counselors at the school will meet with the students throughout the year to discuss what courses the student has currently taken, as well as, identify the coursework that needs to be completed to ensure they stay on their selected career pathway. In order to ensure that students feel comfortable and are successful in their classroom and coursework, the high school will implement strategies that will help develop a personalized learning environment. For example, if a student is not performing at the required level in two or more college courses, the Principal and Counselors will personally meet with the student to identify the reason for the student's low performance. This will occur after each 3-week progress reporting period and after each 6-week report card distribution.

Social Support: The social and emotional support of the students will be crucial to maintain in order to improve attendance and ensure academic success. The campus will ensure it provides continuous social and emotional support to the students by assigning them to a specific Counselors working at their campus, along with developing a Personalized Learning Community (PLC). This will be developed by offering individualized career and course planning to all students, setting up individual graduation plans, assisting in personal or family matters, and providing social and emotional advisement.

College Readiness: The campus will provide students with a variety of college readiness services including, but not limited to: Texas Success Initiative Assessment (TSIA); Academic planning for college; college exploration and selection; college admission; assistance with financial aid applications; SAT/ACT and TSI preparation; and transitional services from high school to college enrollment. These services will be provided by the district and South Plain College to encourage college planning and provide guidance through the college admission and financial aid processes.

College Access: The campus' students will be issued a college Student Identification Card, which will enable students to log into the college's student portal. The student portal will provide the district's students with the following items through their corresponding student portal: instruction, online interaction, educational assessment, assignment due dates, and a pathway for students to stay up-to-date with their grades in each course.

Moreover, due to the fact there will not only be collaboration between the local workforce board, but an industry partners as well, Morton ISD assures that there will be development and implementation of high-demand industry experiences. Some of these experiences include, but are not limited to: mentorship programs, internships, externships, and/or apprenticeships (20 pts). These experiences will expose participating students to applied learning and real-world work activities in the identified high-demand occupations (Assurance 3).

Schedule #17—Responses to TEA Program Requirements

County-district number or vendor ID: 040-901

Amendment # (for amendments only):

TEA Program Requirement 3: Provide a sample crosswalk that identifies postsecondary coursework that would be required of a student in the program of study in order to complete a certificate or receive an associate's degree from the partnering general academic teaching institution(s) within two to three years of graduating from high school. The crosswalk may also demonstrate how the project can lead to a bachelor's degree. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Applicants applying for Focus Areas 1, 2, or 3 must address this question.

The district's goal is to provide students with the opportunity to receive a high-demand industry certificate/license from the partnering general academic teaching institution(s) while still in high school. In order to do so, the district will provide a crosswalk that identifies post-secondary coursework required by the student. The district will create a crosswalk that not only identifies the required coursework that needs to be completed, but all other aspects that factor into being college and career ready. A sample crosswalk for the health professions from South Plain College can be seen below:

In conclusion, the district will provide a crosswalk that not only identifies what coursework needs to be taken by each student, but other aspects that need to be addressed when taking college courses. Having both a crosswalk in place, as well as, the detailed plan above which covers all aspects of a student entering into college, will ensure the district's students are put into a position to succeed at their coursework and after they graduate high school.

Schodule #17-	-Responses to	TEA Program	Requirements	(cont.)

County-district number or vendor ID: 040-901

Amendment # (for amendments only):

TEA Program Requirement 4: Identify the partner organizations that will help carry out the grant. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point. Applicants applying for Focus Areas 1, 2, or 3 must address this question.

To ensure each facet of the Perkins Reserve Grant is addressed and program guidelines are adhered to during the grant funding program, Morton ISD will enter into partnerships with multiple organizations. These organizations vary from Institutions of Higher Education (IHEs), Industry Partners, and Business Vendors. Below is a list of partners that will be a part of the grant program:

IHE: South Plain College (SPC);

Industry Partners: John Deere - B. E. Implement, Alcove Care Inc., NextEra Energy, Inc., and West Texas Plating.

Morton ISD will partner with IHEs and industries to ensure students receive both certificates and instruction that are currently in high-demand, as well as, with business vendors to ensure the development and implementation of the curriculum/program is successful. Therefore, these partnerships will give Morton ISD the best chance to run a comprehensive and successful grant program.

TEA Program Requirement 5: Identify at least one industry partner that will assist with curriculum development to support relevant and frequent industry experiences for students participating in the program. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point. Applicants applying for Focus Areas 1, 2, or 3 must address this question.

The district will partner with South Plain College and Technical Training Consultant to assist with curriculum development, as well as, to support relevant and frequent industry experiences for participating students. These partnering industries will actively participate in the development of curriculum in order to ensure that the curriculum is appropriately aligned to career pathways that are in high-demand.

Not only will these partnerships offer students' academic instruction on practices and strategies that prepare them for nontraditional fields, but on-the-job training through internships, externships, apprenticeships, and mentorship programs. Having both quality academic instruction, as well as, work-based experience will assist students in becoming workforce ready as soon as they graduate high school.

Amendment # (for amendments only):

TEA Program Requirement 6: Propose a sustainability plan to ensure that the school(s) will continue to meet the goals of the grant program after the end of the grant program. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Applicants applying for Focus Areas 1, 2, or 3 must address this question.

To ensure the district will continue to meet the goals of the grant program after funding has come to an end, the district has proposed a sustainability plan which includes a careful examination of what this grant initiative aims to sustain, barriers that prevent the initiative from accomplishing its goals, fiscal constraints, and its current resources.

The sustainability plan includes the creation of a Handbook Of Operating Procedures (HOOP) and will include an active and careful examination of the following approaches to seek effective avenues and ensure the program continues beyond the grant funding period: Make better use of existing resources; Maximize federal, state, and local revenue; Use of instruction, professional development, and curriculum that was created during the Perkins Reserve Grant Program; Create more flexibility in existing funding streams; and Continue building public-private partnerships.

Moreover, to ensure all program participants remain committed to the continuous success of the program, the district has ensured they received buy-in from all participants, including administration, teachers, students, and partnering organizations. Throughout the term of the grant, Morton ISD will continue to meet quarterly with stakeholders such as the board, collaborators, and partners to solicit feedback and modify the goals and objectives of the grant; thus, ensuring long-term commitment to the program, as well as, the ability to continue to meet the goals of the grant program after funding has come to an end.

The proposal was organized and completed according to grant instructions. All provisions, statutory and program requirements, as well as, the evaluation rubric questions were answered in their appropriate section. (Application is organized and completed according to instructions-5 points)
